INTERESTING EXPERIENCE

Of an Iowa Lady Who Was Cured of Dyspepsia After Suffering for Twenty-Five Years.

Mrs. Sarah A. Skeels, an estimable lady, residing at Lynville, Jasper county, Ia., was for twenty-five years a sufferer from Dyspepsia, and her complete resto-ration to health is so remarkable that we present the facts in the case for the benfit of our readers, many of whom have doubtless suffered in the same manner, and will, therefore, be interested in learning how all stomach troubles may be avoided and cured. Mrs. Skeels says: I used only one package of Stu-art's Dyspepsia Tablets, and I received such great and unexpected benefit that I wish to express my sincere gratitude. In fact, it has been six months since I took the medicine, and I have not had one particle of distress or difficulty since And all this in the face of the fact that the best doctors I consulted told me my case was incurable, as I had suffered for twenty-five years. I want half a dozen packages to distribute among my friends here, who are very anxious to try this

Truly yours, Mrs. SARAH A. SKEELS. Dyspepsia and the various forms of indigestion.

There is scarcely a patent medicine made but what is claimed to cure Dyspepsia, as well as a hundred other troubles, when, as a matter of fact, a remedy to cure Dyspepsia must be prepared especially for that, and nothing else; and among all the remedies, patent nostrums, bitters, etc., so extensively advertised, you will find that Stuart's Dyspepsia Tablets is the only one advertised as a cure for Dyspepsia, and nothing else. The remedy is prepared by the Stuart Company, of Marshall, Mich., and for sale by all druggists at 50 cents per package; and, if you suffer from any form of stomach derangement or indigestion, a trial will not disappoint you.

NEW YORK, February 2.—The Journal of Commerce and Commercial Bulletin, in its weekly review of the dry-goods market, says. The course of business during the past week has failed to reveal any new condition of moment in the cottongoods division of the market. In staple cottons of all descriptions the demand has continued indifferent, and for fancy lines for spring it has hardly been up to immediately preceding weeks. The weather has been a restrictive influence in many directions. Business in men's wear, woollen and worsted fabrics, for the new heavy-weight season, is still very back-ward.
